The compact N-Seriesmodels wlth hlghly rellable feeding technology ls easy to use.

Superlor functlons for hlgh efflclency

■ High Speed Counting

Notes are counted accurately at a high speed of 1,700 banknotes per minute, Increaslng the efficiency of your operation.

■ Handles a Wide Variety of Currencies

This series can count notes from any country in the world as long as they are between 55 and 97mm (2.2 and 3.8 in.) in length and between 110 and 192mm (2.2 and 3.8 in.) ln wldth.

■ Quiet Operation

Extremely low-noise operation in any office environment. is suitable for use

■ Handles Notes in Any Condition

Thanks to Blllcon's unique and superior feeder mechanism, this series can smoothly count notes in any condition, from brand new to worn-out.

■ Error Detectlon

This series detects errors such as doubles, chains hand half notes, sounding an alarm and identifying the error on the display.

Varlous models to choose from

Thls serles includes a standard type and a variety of special models with features such as magnetic sensing, ultraviolet sensing, and length sensing. Choose the models which are best suited to your needs.
■ Magnetic Sensing / Ultraviolet Sensing

Each sensing technology detects suspicious notes such as counterfeits, and alerts the operator.

■ Slze Sensing

Counting ls instantly halted if a note with a different size is found among the notes being counted. Notes of sizes different than that of the first note are detected.
